IN CURVED AIR

by Gordon Guillaumier

A design archetype with simple lines: the arch's distinctive contour defines a curved space. Materials and finishes, ripples and smooth surfaces, take turns to animate it.

In Curved Air brings light back to terraces, verandas, and porches. Its iconic design is like a sign traced in the air. The base, the arched stem, and the light source are starting points for a material and textural exploration, guiding you through a story of design evolution.

The high-quality, paste-dyed nautical rope gives the stem visual and tactile richness. Its weave contrasts with the brushed concrete of the hand-polished terrazzo base and the smooth metal dome. The efficient custom-made Fresnel optic is the heart of a perfectly calibrated light source.

In Curved Air radiates a domestic atmosphere. Rich, colourful materials, imbued with a subtle irregularity, temper the precision of design and technology with a sense of softness. The stem's warm textile personality complements elegant outdoor furniture.

Three sizes allow you to experience the outdoors as mood and moment require: two floor lamps for open-air living areas, ideal for reading or conversation; one stake to bring light and character to flowerbeds and other green spaces.

GORDON GUILLAUMIER

+ STUDIO GORDON GUILLAUMIER

Maltese born, Gordon Guillaumier was educated in Malta, Switzerland, England and Italy. In 1991 he graduated in industrial design at the IED in Milan and the following year obtained a master's degree in industrial design at Milan's Domus Academy.

In 2002 in Milan he founded Studio Gordon Guillaumier, a multi-disciplinary design studio focused on products, interiors, architecture, stand displays and consulting. His work encompasses a vast range of product types, from indoor to outdoor furniture, lighting, ceramics, hardware, carpets, tableware and objects. Several of his products have received important awards as recognition of his designs. As an art director, Guillaumier has developed creative strategies for leading design brands.

Together with his architectural and interior design team, he has developed projects ranging from high-end private residential villas in Sicily to restaurant interiors, which have been reviewed in prestigious international magazines and published in books.
